**PREAMBLE**

The Lexington School Committee and the Lexington Education Association are committed to providing a high quality educational experience for the students of the Lexington Public Schools. The School Committee and the LEA enter into the following agreements believing that positive professional conditions are an essential component in creating a productive learning and teaching environment. Good morale within the professional staff and a collegial environment are critical to the achievement of that goal.

The School Committee and the LEA enter into the following agreements believing that they will help to provide the best attainable professional conditions for the professional staff of the Lexington Public Schools.

The LEA and the School Committee understand and agree that a quality school system depends upon the free flow of ideas. Professional staff members' opinions will be considered on all matters that affect the system and its programs. Consequently, the LEA and School Committee agree that they will work to create and preserve an atmosphere in which members of the staff can express their views free from coercion. Neither the School Committee, its agents, nor the LEA shall take any adverse actions or make threats thereof against any staff member for expressing opinions.

The School Committee and the LEA affirm their belief that a complex and progressive school system should be guided by an informed School Committee and an actively involved professional staff. Both the School Committee and the LEA recognize the value of conflict resolution in solving problems, avoiding future problems, and maintaining a quality system. Therefore, the School Committee and LEA negotiating team agree to meet several times a year to monitor and promote the success of this Agreement.

The School Committee, elected by the citizens of Lexington, is a public body established under and with the powers provided by the statutes of the Commonwealth of Massachusetts. Nothing in this agreement shall be deemed to derogate or impair any power, right or duty conferred on the Committee by any statute or any rule or regulation of any agency of the Commonwealth.

Nothing in this agreement shall be deemed to derogate from the right of the LEA as the legally recognized bargaining agent of the professional employees to negotiate with the School Committee on wages, hours, and working conditions as provided for in this Agreement.

=====

**AGREEMENT**

**ARTICLE 2: CONSULTATION**

**A. Professional Consultation**

The School Committee recognizes the professional standing of teachers and other professional staff. Similarly, the LEA recognizes the importance of an informed School Committee in the running of a school system, which strives to be excellent. The ideas and opinions of professional staff are of significant value in improving the quality of education in, and the economical operation of, the Lexington Public School System. Therefore, the School Committee and the LEA agree that they, or their designated representatives, will upon request of either the School Committee or the LEA, meet at a reasonable time and place to discuss educational concerns of interest to each. It is understood by the School Committee and the LEA that nothing discussed at such meetings shall oblige them to negotiate such matters and that no binding decisions can be made in such meetings. Prior to two weeks before the date scheduled for such a meeting, there will be submitted to the Superintendent a written agenda of subjects to be discussed at that meeting. While it is the desire of both parties to provide for discussions of a wide range of subjects, it is also agreed that matters of wages, hours, and working conditions are exclusively the subject of collective bargaining as provided in this Agreement. Therefore, it is agreed that either the School Committee or the LEA may defer, decline, or specifically limit discussion on any item on any agenda proposed by the other by written notice to the proposing party not later than one week prior to the meeting. The Superintendent will participate in all such discussion.

**B. Budget Consultation**

The School Committee and the LEA will meet annually during the budget process to discuss the subsequent year budget, exchange views, and jointly develop options.

**C. Early Retirement**

The LEA and the School Committee will meet no later than April 15 of each year of this Agreement to negotiate terms and conditions of an early retirement incentive, subject to the School Committee's determination as to availability of funds for said early retirement program.

- C. Professional staff will be given at least one month's notice of assignment prior to the opening of school each September. If circumstances arise that require changes in assignment, the affected professional staff shall be notified of the change as soon as possible.

=====

**ARTICLE 9: MOVES**

**GENERAL PROVISIONS**

- A. A move is defined as follows:
  - In grades 9-12, from one department to a different department and more than 25% move to a different license
  - In grades 6-8, from one grade to a different grade within the same school, or one subject to a different subject, or one school to a different school
  - In grades K-5, from one grade to another grade within the same school, or one school to a different school
  - For specialists, more than a 25% move from the home school (greatest amount of time assigned) to a different school

B. Involuntary Moves

Although the Committee and the Association recognize that some movement of teachers from one school to another is unavoidable, they also recognize that the frequent moving of teachers may be disruptive to the educational process. Therefore, we agree as follows:

- a. Should the Administration determine that a reduction in the number of teachers in a school is necessary or that the moving of teachers is warranted, qualified and licensed volunteers will be sought from the grade level or subject where there is a need for change and considered for a voluntary move prior to the involuntary move of any teacher. The need for volunteers will be publicized. Volunteers will be considered first. A volunteer who is not selected will be given an oral explanation of the reasons.
- b. When involuntary moves are necessary (after volunteers have been considered) a teacher's license and qualifications will be considered in determining which teacher is to be moved. If all other factors are equal, then length of service in Unit A will be a tiebreaker.
- c. An involuntary move will only be made after a meeting between the teacher involved and the Principal or Superintendent (or his/her designee), at which time the involved teacher will be notified of the reasons for the move. A teacher is welcome to invite an Association Representative to attend the meeting and participate in the discussion. In all cases of involuntary moves, once the teacher has been notified, s/he will be provided with the opportunity to examine a list of all vacancies and to apply for a position for which s/he is qualified.
- d. Once a teacher is notified of his or her involuntary move s/he will be permitted through June 1 to apply for any vacancy posted by that date provided s/he is licensed and qualified. A teacher who does so will be interviewed and considered for any position for which s/he is licensed and qualified.
- e. In the case of all involuntary moves, the Superintendent or Principal shall determine whether an interview of the teacher by the building principal or another administrator is necessary.
- f. Should a teacher who was moved not be selected for a position for which s/he has applied, s/he will be moved to a position selected by the Superintendent or the Principal (or their designee) and will be provided with any necessary assistance and support with said transfer/move, including training and professional development, a supply budget up to \$500 and the moving of any materials, if the support is needed in the judgment of the Principal. The Superintendent or Principal will explain (orally) the basis for the selection of the specific position.

C. Voluntary Moves

In the event that a position is open, teachers desiring a voluntary move will submit a written request to the Director of Human Resources. All such requests will be acknowledged in writing and teachers will be given an interview if licensed and qualified. If a teacher is not selected for a vacant position, s/he will be advised of such orally and will be provided with the reasons (orally) that s/he was not selected.

D. Vacancies

Vacancies will be posted. Postings shall set forth the specifications, qualifications, and compensation for the position and the date by which applications shall be filed with the Director of Human Resources. Teachers are encouraged to apply for posted vacancies and will be given an interview for the position if they are licensed and qualified. In the event that a teacher is not selected to fill a vacancy, upon her or his request s/he will be orally provided with the reason.

=====

**ARTICLE 10: REDUCTION OF PROFESSIONAL STAFF**

- A. In the event of a reduction in the number of professional status members, seniority, defined as length of service in the Lexington Public School system, shall govern provided that professional staff member's qualifications and performance are substantially equal. If there is no reduction in the FTE of any professional status member of a discipline as defined in Section C below, there is, by definition, no Reduction in Force (RIF) in that discipline. If student enrollment, budgetary constraints, or some other factor necessitates that a professional status staff member in a particular discipline be reassigned in whole or in part to a different school, the Involuntary Move language (Article 9) will apply. In applying the foregoing criteria the following shall apply:
1. Discipline shall be defined as in Section C of this Article.
  2. Once it has been determined that there must be a reduction in the number of professional staff members in a specific discipline, all the professional staff members in that discipline shall be reviewed under the foregoing criteria. Normally the professional staff member(s) initially designated for reduction shall be the least senior. Exception to this rule shall be as follows:
    - a. If a professional staff member otherwise designated for reduction has unique qualifications such that his/her reduction would negatively affect the system's ability to continue specific course offerings or maintain ongoing curriculum, then that professional staff member may be retained and the next most junior professional staff member designated for reduction.
    - b. If a professional staff member otherwise designated for reduction has a history of performance over the last five years which is substantially superior to a more senior professional staff member in his/her discipline, then that professional staff member may be retained and, subject to the same exceptions, the next most junior professional staff member shall be reduced.
    - c. No professional staff member shall be laid off in exception to seniority through application of the "substantial superiority" criterion unless that professional staff member is on an improvement plan and a determination is made to continue this plan for a second year.
  3. Any professional staff member who has been designated for reduction pursuant to Subsection 2 (above) and who has past proven experience in Lexington of at least one year in another discipline shall be compared to the professional staff members in that other discipline as if assigned therein and either retained or reduced accordingly.
- B. A professional status staff member who is notified of a total or partial reduction shall have the opportunity to receive a "RIF Leave of Absence" in lieu of dismissal. Such leave of absence shall be for twenty-four months from the September following the notice of reduction. In order for a professional staff member to elect the "RIF Leave of Absence", the professional staff member must, within twenty (20) days of written notification from the Superintendent of intent to recommend reduction, execute on a form agreed to by the parties, a waiver of any present or future rights under Chapter 71, Section 42 of the Massachusetts General Laws. Should the professional staff member accept recall, said waiver is null and void.
- C. In the event of a decrease in administrative positions, administrators who have professional status as teachers in the Lexington Public Schools will retain their rights under this Article including, but not limited to, seniority in the Unit A bargaining unit.
- D. Professional status staff on a "RIF Leave of Absence" shall be entitled to recall to vacant positions or newly created or reinstated positions in the discipline which they taught at the time of the "RIF Leave of Absence" or to a discipline in which they had past proven experience in Lexington. Discipline within the meaning of this paragraph shall be as follows:

- N. All full-time professional staff will have a forty-five (45) minute duty-free and meeting free lunch period, unless staff and principal involved agree to an alternate decision consistent with school based management. Part-time staff will be provided with a prorated amount. Elementary staff will not be required to do recess or bus duty, unless available aides are utilized to relieve staff of other duties.
- O. Elementary classroom teachers shall have discretionary professional time during the fifteen minute morning recess and the twenty minute lunch recess within the existing staff aide structure. A majority of the staff in a given school may choose to utilize aides in other areas. In addition, elementary teachers shall have discretionary professional time totaling no fewer than one hundred eighty (180) minutes per week for teachers in grades 1-5 and no fewer than one hundred twenty (120) minutes per week for kindergarten teachers. This amount of discretionary time will be prorated for FTEs less than 1.0. In the event that a special education teacher loses discretionary time due to an extraordinary circumstance and/or a student safety issue, steps to make the special education teacher whole for the discretionary time lost will be explored.
- P. Further, eighteen (18) Thursday afternoons may be utilized by the professional staff at their discretion for preparation time and team meetings within the building. Out of the eighteen, the Thursday afternoons immediately preceding the required fall and spring conferences and the Thursday afternoons in the week immediately preceding the issuing of the required three report cards will be reserved for conference and report card preparation.
- Q. Teachers of split classes will be required to teach one curriculum for science and one curriculum for social studies. Each school, with the Assistant Superintendent for Curriculum, Instruction and Professional Learning, the Curriculum Specialist, the principal and the teachers involved, will determine which curriculum this will be.
- R. A full-time elementary specialist teacher, as defined in Article 15 (art, music, physical education, and library media specialists, shall not be scheduled for more than twenty (20) student-contact hours per week. The library media specialist hours shall include regularly scheduled classes and other instruction when the librarian is required to teach students. Principals sharing special teachers (art, music, physical education, foreign language) will allot thirty (30) minutes of travel/set-up time between schools when arranging schedules; this time to be figured as part of the special teachers' scheduled hours.
- S. In the interest of providing the best delivery of educational services for ALL students in the elementary grades, there will be conscientious effort made during the placement process to plan the distribution of students with special educational needs equitably among the classes at a given grade level. If the Director of Special Education or his/her designee, teachers, and school principal involved in the placement process agree that during a year there needs to be 'clustering' of students in particular classes for sound educational reasons, then in the placement process for the following year, the Director of Special Education or his/her designee, the teachers, and principal who are involved in the placement process will adjust distribution so that teachers affected in the previous year will not have two consecutive years of overload.
- T. The School Committee will make every effort to provide adequate resources for professional staff in connection with the implementation of State and Federal Special Education laws and regulations. The teaching load for educators in the Special Education department will be guided by:
  - i. Caseload recommendations chart (found in Appendix D).

- ii. Team Recommendations made in consultation with the ETS, administration and educators on the team.

If the educators, administrator(s), ETS together agree that during a year there needs to be more than the recommended caseload for one or more teachers for sound educational reasons, the next year the educator will not have a caseload exceeding the recommendations.

### **Middle School**

- U. Professional staff shall not be required to be in their building more than fifteen (15) minutes before the official start time for students. Staff shall be expected to remain after school as long as is necessary to fulfill their professional responsibility.
- V. The School Committee will make every effort to provide adequate resources for professional staff in connection with the implementation of State and Federal Special Education laws and regulations. The teaching load for educators in the Special Education department will be guided by:
  - i. Caseload recommendations chart (found in Appendix D).
  - ii. Team Recommendations made in consultation with the ETS, administration and educators on the team.

If the educators, administrator(s), ETS together agree that during a year there needs to be more than the recommended caseload for one or more teachers for sound educational reasons, the next year the educator will not have a caseload exceeding the recommendations.

- W. All full time professional staff will be provided with a minimum of five hundred (500) minutes of discretionary time per week, with a minimum of thirty (30) minutes provided per day. Part time staff will be provided with a prorated amount of the total time. This amount of discretionary time will be prorated for FTEs less than 1.0. In the event that a special education teacher, or related services provider, loses discretionary time due to an extraordinary circumstance and/or a student safety issue, steps to make the special education teacher whole for the discretionary time lost will be explored.

### **High School**

- X. Professional staff shall not be required to be in their building more than fifteen (15) minutes before the official starting time for students. Staff shall be expected to remain after school as long as is necessary to fulfill their professional responsibility.
- Y. Teaching loads will be defined as the number of students assigned to a teacher based on the average number of students assigned to that teacher that school year. (Example: First semester - 125 students; second semester - 115 students.  $125 + 115 = 240$  students for year divided by  $2 = 120$  student average for school year.)
- Z. A student will be assigned a value proportional to the number of class periods above or below four. For example, a class that meets four times per schedule cycle will be assigned the value of one for load determination purposes. Classes meeting twice during the cycle will count each student as  $1/2$  (.5) for load determination purposes. A class that meets five times during a schedule cycle will count each student as one and one-quarter (1.25) for load determination purposes.
- AA. Subject to funding, as determined solely by the School Committee, the courses-per-week teaching loads in effect at the high school will be maintained at the levels in effect during the 2005-2006 school year. However, the School Committee reserves the right, after consultation with the LEA, to return to the courses per-week teaching loads in effect prior to the 2001-2002 school year.
- BB. In determining a teacher's weekly schedule, the number of assigned responsibilities during the school day must be equitably distributed across the departments. In an effort to cover all duties as necessary a teacher may be assigned one (1) additional duty on a rotating basis. In no event shall any teacher be assigned lunch/commons duty. "Assigned responsibilities" is defined as (1) the total number of classes per week for all courses taught, plus (2) the number of periods per week used for other assigned professional activities and/or non-teaching duties. The latter are to be determined in consultation with the Department Heads/Coordinator and Principal or Principal's designee. In the event that a consensus cannot be reached, the Superintendent and LEA President will consult regarding a resolution of the matter. If they are unable to reach an agreement, the Superintendent shall determine the assignment in accordance with the relevant provisions of the collective bargaining agreement.
- CC. The Department Head/Coordinator and Principal will be responsible through meetings and/or other means of communication for determining the assignment of blocks to a particular course and teachers to those courses. It is expected that the department and the Principal or the Principal's designee will work collaboratively to arrive at consensus on the assignment of available personnel to courses. The departments will make every effort to accomplish their instructional mission within the goals of appropriate contact hours for each course, appropriate class sizes, appropriate teacher preparation,

and the educational needs of students. If the group cannot reach a decision by consensus, the Superintendent and the President of the LEA or their designees will consult to seek a resolution. If they are unable to resolve the matter, the Superintendent will designate a facilitator or facilitators trained in interest-based bargaining to help improve the group process. All members of the group are obligated to cooperate in good faith with any such facilitation. In the event that an agreement is not reached by June 1, the Superintendent's determination will be implemented

- DD. In the event that a Long Term Substitute is required and the district is unable to hire one, they may ask for volunteers from other licensed staff to teach an additional class, above their contractual limit. Such teachers will be paid a fraction of the per diem rate based on their annual salary equal to said per diem rate times twice the number of blocks per week the class meets divided by the average number of teaching blocks per week, excluding homeroom and intervention (I) blocks.
- EE. The Lexington seniority of full and part-time teachers must be considered when determining the rate of pay per class in departments where the courses-per-week load has been reduced for some of the members of the department. No full-time or part-time teachers within a specific department will be paid less per class than another full-time or part-time teacher in that department with comparable Lexington seniority.
- FF. The teaching load for the length of this contract will not exceed 125 students/1 teacher. English is an exception with its cap held to the nationally recommended maximum ratio of 100 students/1 teacher.
- GG. Whenever possible, teaching loads will be below the specified cap. Each department, with the coordinator and principal, will be responsible for determining the assignment of blocks to a particular course and teachers to those courses. The departments will make every effort to accomplish their instructional mission within the goals of appropriate contact hours for each course, appropriate class sizes, and appropriate teacher preparation. It is expected that a consensus will be reached. Lack of agreement should be viewed as a signal that the best option may not yet have been developed and put forth. If a decision needs to be reached, and the above group cannot reach agreement by consensus, formal decisions will require a majority vote. In the event that this group reaches a deadlock on some important issue or repeatedly fails to reach consensus on issues, any three (3) members may request that the Superintendent designate a facilitator or facilitators trained in interest-based bargaining to help improve the groups process. All members of the group are obligated to cooperate in good faith with any such facilitation.
- HH. All full-time professional staff will be provided with two hundred twenty-five (225) minutes of discretionary time per week, with minimum of thirty (30) minutes provided per day. Part-time staff will be provided with a prorated amount of the total time.
- II. This amount of discretionary time will be prorated for FTEs less than 1.0. In the event that a special education teacher loses discretionary time due to an extraordinary circumstance and/or a student safety issue, steps to make the special education teacher whole for the discretionary time lost will be explored.
- JJ. The School Committee will make every effort to provide adequate resources for professional staff in connection with the implementation of State and Federal Special Education laws and regulations. The teaching load for educators in the Special Education department will be guided by:
  - i. Caseload recommendations chart (found in Appendix D).
  - ii. Team Recommendations made in consultation with the ETS, administration and educators on the team.

If the educators, administrator(s), ETS together agree that during a year there needs to be more than the recommended caseload for one or more teachers for sound educational reasons, the next year the educator will not have a caseload exceeding the recommendations.

- KK. The parties agree to create a working group of Administration and Educators agreed upon by the LEA President and the Superintendent of Schools for the purpose of exploring possible solutions to address LHS caseload inequities. The group will convene by June 2019 and make a recommendation to the Superintendent and/or to integrate its findings into the next round of bargaining.

- Kindergarten: 20
- Grade 1: 24
- Grades 2-5: 26

If any class exceeds the maxima by twenty percent (20%) or more, the class will be split. The above maxima apply to "home room" class size and not to class sizes as a result of redeployment of students for specific subjects as mutually determined between and among teachers.

- E. At least one full-time instructional aide will be employed at each elementary building. The primary purpose for this position is to meet the provisions of Section D for classroom teachers and special teachers (physical education, art, music, and foreign language). Special teachers whose class size exceeds the maxima are entitled to instructional aide assistance during those class periods.

**Middle School**

- F. The School Committee will make every effort to maintain the following building-wide teacher/pupil ratios for the duration of the Agreement: Grades 6-8: 1-16

**“Joint Labor Management Advisory Committee on Special Education” (JLMAC)**

- J. For the duration of the contract, the parties agree to establish a joint labor management advisory committee to include the Superintendent of Schools, a School Committee member, and an equal number of members selected by the Association and Administration. The JLMAC will meet quarterly or more frequently at the discretion of the committee with meetings posted on the district wide calendar. The JLMAC will:
  - Collect and review system wide data for “Special Education Caseload” to monitor compliance with the contract, including but not limited to caseload and discretionary time.
  - Purpose solutions as needed, including a menu of options which would be implemented promptly by the JLMAC
  - Monitor equitability no less than three times during the school year (fall, winter, and spring)

**“Joint Labor Management Advisory Committee on Counseling” (JLMACC)**

- K. The committee will include the Director of Counseling and representatives from Counseling, METCO, Health and Wellness and Special Education and will begin meeting through the summer of 2019. The JLMACC will:
  - Work on job descriptions first to determine job functions in order to provide better alignment and equity to best serve students
  - Examine caseloads for all counseling service providers
  - Use LSP summer work funding to meet, as needed

- Submit an October 2019 report/recommendation to the Superintendent of Schools and the School Committee.

- L. Wherever possible, in the judgment of the administrator, caseloads will not exceed the ranges on the "Special Education Caseload Data Chart." See Appendix D.
- M. English Language Learner (ELL) guidelines for caseload will be thirty (30) students to one (1) ELL teacher. Should the caseload of a teacher reach forty-five (45), additional staff may be hired or alternate staffing may be sought.
- N. In FY19, the number of Related Services positions (OT/PT/SLP) will be increased by no fewer than three (3) FTE's.

=====

**ARTICLE 14: SPECIAL TEACHERS, SUPPORT PERSONNEL, AND SPECIAL POSITIONS**

- A. The School Committee recognizes the importance of providing adequate numbers of special teachers in both elementary and secondary schools, and within the structure of the curriculum shall make every effort to continue in effect the present ratio and areas of special teachers for the life of the Agreement. Special teachers shall be defined as:
  - Elementary: Art, music, physical education, library-media, foreign language
  - Pupil Services: Counselors, social workers, psychologists, speech/language pathologists, nurses
- B. The School Committee recognizes the valuable contribution that support personnel affords the system.
  - a. Support personnel will be defined as all non-professional staff and any other personnel hired by the School Committee to assist the teaching staff with clerical and non-teaching duties.
  - b. Adequate elementary support personnel shall mean one full time (1 FTE) aide per 125 students. A full time equivalent aide equals thirty (30) hours per week. The School Council will decide how all aides within a building will be utilized. Whenever fiscally possible, the number of students to 1 FTE aide will be lower than 125.

The School Committee and the LEA acknowledge the existence of more than one file per professional staff member; one personnel file at Central Office and a working file(s) in the custody of both (where applicable) of the primary evaluator and the supplementary evaluator. All documents and other records which are going to be retained concerning a professional staff member and/or his/her employment with the School Committee shall be stored in files, the location of which shall be made known to each professional staff member. =====

**ARTICLE 16: CONFLICT RESOLUTION**

The Lexington Public Schools' core value of shared responsibility requires teachers and parents to work together for the good of all students. The following process has been developed to reinforce this core value.

Parent and teacher communications contribute to student achievement. Teachers are interested in the concerns of parents and want to address those concerns in an open and professional manner. Questions related to classroom issues should be referred directly to the teacher. Most problems are resolved when parents take this initial step.

Supervisors and administrators will listen to questions and concerns related to classroom issues and will provide policy-related information. The supervisor/administrator will arrange and/or facilitate a parent/teacher meeting if such dialogue has not already begun. Should the parent refuse to meet with the teacher, the supervisor/administrator will communicate the complaint to the teacher. If the complainant requests anonymity, no disciplinary action or performance plan may result solely from such a complaint. The supervisor/administrator may, however, investigate the matter further.

Parents who feel that an issue is unresolved after having consulted with the teacher should contact the individual listed in the "referral" column.

employed per week. The accumulation of total sick leave days shall be unlimited. Deductions shall be at the rate of 1/184th of the yearly salary for each day of unexcused absence. A medical certificate may be required for all absences exceeding five (5) consecutive days. Sick leave is applicable when a professional staff member is absent for diagnostic purposes emergency in nature (to have X-rays taken or to be involved in a medical examination).

- B. Sick leave in addition to personal illness shall include absence because of sickness on the part of a near relative: mother, father, husband, wife, children and members of the immediate household where care of such person is the prime responsibility of the professional staff member and only until other appropriate arrangements can be made. It shall also cover absence because of the death of those previously mentioned and, in addition, grandparents, grandchildren, sisters, brothers, parents-in-law, sisters and brothers-in-law, aunts, uncles, friends.
- C. Professional staff members employed in summer workshops for ten (10) or more days shall receive one (1) day of sick leave or sick leave equivalent to five (5)% of the employment period, whichever is greater.
- D. Upon request at the building level, a professional staff member will be provided with his/her sick leave history for the previous school year.
- E. A Sick Leave Bank shall be available for use by eligible members of the professional staff covered by this Agreement who have exhausted their own sick leave and who have serious illness. Applications for the use of the Sick Leave Bank are issued by the Director of Human Resources.
  - 1. The initial grant of sick leave by the Sick Leave Bank Committee to an eligible professional staff member shall not exceed thirty (30) days. Upon completion of the thirty (30) day period the period of entitlement may be extended by the Sick Leave Bank Committee upon demonstration of need by the applicant.
  - 2. The Sick Leave Bank shall be administered by a Sick Leave Bank Committee consisting of five (5) members. Two (2) members shall be designated by the Superintendent to serve at his/her discretion and three (3) members shall be designated by the LEA. The Sick Leave Bank Committee shall determine the eligibility for the use of the bank and the amount of leave to be granted.
  - 3. The following criteria shall be used by the Sick Leave Bank Committee in administering the Sick Leave Bank in their determination of eligibility and amount of leave:
    - Adequate medical evidence of serious illness,
    - Prior exhaustion of all eligible sick leave,
    - Length of service in the Lexington Public School System,
    - Prior utilization of the Sick Leave Bank
  - 4. When the Sick Leave Bank is reduced to fifty (50) days, it shall be renewed by contribution of one (1) additional day of sick leave from each member of the professional staff covered by this Agreement. Such additional day will be deducted from the members' annual fifteen (15) days of sick leave. The Sick Leave Bank Committee shall determine the time when it becomes necessary to replenish the bank.
  - 5. The decision of the Sick Leave Bank Committee with respect to eligibility and entitlement shall be final and not subject to appeal.

Such written notice shall be given no later than September of the school year of retirement. Such payment shall be made on retirement. This provision applies only to professional staff members employed on or before October 6, 1987.
- G. There shall be no loss of salary, benefits, or sick leave allowances when an employee is advised by her physician to avoid exposure to Fifth Disease during pregnancy. The employee must submit a written request from her doctor to the Principal and Director of Human Resources as soon as possible after the outbreak and must include the results of the medical test for immunity to fifth disease. Should an extended absence from a particular building be necessary, the employee will be assigned to other appropriate duties in the school system.

=====

**ARTICLE 18: TEMPORARY LEAVE**

#### **A. Leaves of Absence without Pay**

A leave of absence without pay or increment may be granted to a professional status staff member for reasons which include, but are not necessarily limited to FMLA, study, or the seeking or holding of a political office. Leaves under this section will not be unreasonably denied.

Requests for leaves of absence without pay should be submitted to the Director of Human Resources. The professional staff member, upon return to the Lexington Public Schools, will be granted a position of comparable responsibility to that which was held by him/her prior to his/her leave.

All benefits which the professional staff member held when leaving the system shall be restored upon return. The professional staff member must give notification of his/her intent to return from such a leave of absence by February 15 or not return.

#### **B. Parental Leave**

Parental leave allows full-time female or male employees who have been employed for at least three (3) consecutive months up to eight (8) weeks of leave after the birth of a child; the adoption of a child under the age of 18; adoption of a child under the age of 23 if the child is mentally or physically disabled; and placement of a child up to age 18 with the employee per court order. An employee seeking leave must provide at least 2 weeks' notice of the anticipated date of departure and the employee's intention to return; unless the delay of notice is for reasons beyond the employee's control. If both parents are employed by the Lexington Public Schools, the employees are entitled to a total of eight (8) weeks in the aggregate. Appropriate supporting documentation may be required.

Parental leave is unpaid, but employees may use their accrued paid sick time in order to receive pay during this leave, if they wish to do so, excepting that if the birth occurs during a period of time that school is not in session, then it shall commence with the first work day that school is in session. After an employee has used all eligible leave time, any remaining time of parental leave shall be unpaid. Eligible staff may petition the sick bank in accordance with the parameters set out in the collective bargaining agreement. Parental leave will run concurrently with FMLA leave if the employee is eligible for such leave.

An employee granted a parental leave of absence under this policy shall, upon return to service after said leave, be restored to his/her previous, or a similar, position with the same status, pay, length of service credit and seniority as the employee had on the date of commencement of the leave of absence. An employee does not accrue sick time, longevity credit, credit for placement on the salary schedule, or seniority for any period during which the employee is on unpaid leave of absence. If other employees of equal length of service and status, serving in the same or similar position, have been terminated from service because of changes in the operation of the school system affecting employment of staff of the same type during the period of such parental leave of absence, the employee shall not be entitled to be restored to his/her teaching position.

A professional staff member will be granted child rearing leave of absence by the School Committee of up to two (2) years from the effective date of commencement of leave, but in any event, it may last until the beginning of a new school year. Professional staff members do not accrue sick time, longevity credit, credit for placement on the salary schedule, or seniority for any period during which the professional staff member is on unpaid leave of absence. Upon their return, they shall receive the normal salary increment, provided that the professional staff members had completed at least one half (1/2) year at their present position. A professional staff member must give written notification of his/her intent to return from such a leave of absence by February 15 or not return. The staff member will be placed in a position within the school system for which they are licensed and highly qualified.

#### **C. Visitation**

Any professional staff member, upon application to and approval of the Superintendent, may be absent to attend conferences and meetings or to visit schools for professional improvement. If this request is rejected, upon written request the professional staff member shall receive a written response as to the reason for rejection.

#### **D. LEA Days**

LEA representatives shall be granted up to twenty-five (25) days for attendance at MTA/NEA business conventions. Such time is not to be taken for training programs in collective bargaining.

#### **E. Personal Days**

Professional staff members may be absent for three (3) days a year for such as, but not restricted to, the following reasons: legal affairs, business or personal matters, adoption of a child, court appearances, real estate business, serious family illness, graduation from a place of higher learning, funerals. Reasons which are unusual, imperative or emergency in nature at which their attendance is required and no other arrangement can be made are approved upon request. Written notification to Director of Human Resources for such personal leave will be made at least forty-eight (48) hours in advance, except in the case of an emergency, in which case, notification can be made by phone followed by written notification during or after the absence. The professional staff member need only state that he/she needs a personal day for reasons consistent with the policy as stated above. Personal days shall not be taken immediately

preceding or following a vacation or holiday except by special permission of the Superintendent. Permission shall not be granted for travel purposes except when unforeseen travel emergencies such as an airplane strike make it impossible for the professional staff member to return as scheduled. Unused personal leave days will automatically convert to sick leave days at the end of each school year.

**F. Military Leave**

The School Committee agrees to pay the differential between military pay and the professional staff member's salary when the former is smaller, in those instances in which a professional staff member is called into temporary active duty with any unit of the Armed Forces Reserves or the State National Guard, provided that such obligations cannot be fulfilled when school is not in session. Payment differential for such call-up shall not be in excess of twenty (20) school days.

Military Leave will be granted to any professional staff member who is involuntarily inducted into any branch of the Armed Forces of the United States. Upon return from such leave, a professional staff member will be placed on the salary schedule at the level which he/she would have achieved had he/she remained actively employed in the Lexington Public Schools. Up to two (2) years plus one (1) month salary credit will be given for such absence. Credit for the time spent in the Armed Forces will not be given as part of the seven (7) years required for sabbatical leave. The staff member, upon return to LPS, will be granted a comparable position to that which was held prior to involuntary induction.

**G. Peace Corps, Vista, National Teachers Corps**

A leave of absence without pay for up to three (3) years will be granted to a professional staff member who joins the Peace Corps, Vista, the National Teachers Corps or other nationally recognized service organization, or who serves as an exchange teacher. The professional staff member will be granted increment steps for the three (3) year leave of absence. The professional staff member, upon return to the Lexington Public Schools, will be granted a position of comparable responsibility to that which was held by him/her prior to his/her taking such leave.

**H. Religious Leave**

Written request for required observance of religious holidays shall be made one (1) week in advance to the Director of Human Resources. Such leave will not exceed three (3) days. Such absence will not be charged to sick leave or to personal day. Travel time to and from places of religious worship is not covered by this Section.

**I. Legal Proceedings**

Time necessary for appearances in any legal proceedings connected with the professional staff member's employment in the Lexington Public Schools shall be granted upon request to the Superintendent.

**J. Miscellaneous**

Except where otherwise provided, leaves in this Article shall be in addition to sick leave and no professional staff member will be required to arrange for his/her own substitute. Every effort will be made to provide qualified substitutes when regular professional staff members are absent.

**K. Professional Leave**

Professional staff members shall be eligible for professional leave, as provided in this leave program, after ten years of service in Lexington and at the maximum of a salary column. (Those who had participated in a sabbatical within the previous ten years would not be eligible to participate.)

A maximum of three (3) professional staff members shall be eligible to take professional leave for a full year at one-half (1/2) pay.

The year during which professional leave is taken shall be treated as a year of Lexington experience for all salary purposes.

Requests for professional leave for the ensuing year shall be presented to the Superintendent, in writing, by the conclusion of the first day of school, following the December recess (but no later than January 10) and shall be accompanied by a proposed professional leave plan. This shall be a detailed outline, including a statement of aims and objectives related to one or more of the following:

- a. Updating professional skills, relative to present professional position;
- b. Moving to be certified in an additional professional area, wherein there may be a potential need for the school system;
- c. Research new events or experiment in curriculum, which may be of potential use for program improvement;
- d. Participate in a program of travel associated with the system's curriculum;
- e. Retrain in a new skill area.

Professional staff members selected for participation in this professional leave program would be: first, from among staff volunteering; second, from staff recommended by peers; and third, from staff recommended by supervisors/administrators. The final selection will be made by the School Committee upon recommendation of the Superintendent.

**L. Family Leave (Family and Medical Leave Act of 1993) (FMLA)**

Professional staff members are eligible for an unpaid leave of up to twelve (12) weeks per a twelve (12) month period for any of the following reasons: (1) to care for the professional staff member's child within a year of birth, adoption, or the initiation of foster care; (2) to care for a close relative with a serious health condition; (3) because the professional staff member's own serious health condition makes the professional staff member unable to perform the professional staff member's job.

**M. Sabbatical Leave**

1. Professional staff members shall be eligible for sabbatical leave, as provided in this Article, after at least seven (7) consecutive years of employment in the Lexington Public Schools. Time spent in military service shall not be credited as part of the required seven years; but such service, when involuntary, shall not be considered a break in consecutive years of employment.
2. A maximum of six (6) professional staff shall be eligible for sabbatical leave during a single year as follows: Four (4) persons shall be eligible to take one-half (1/2) year of leave at full pay or one (1) full year of leave at one-half (1/2) pay, and two (2) persons shall be eligible to take one (1) full year of leave at full pay.
3. For professional staff members, pay will be interpreted to mean the basic salary, excluding supplemental payments for special assignments, they would have been paid if in active service during the period of leave.
4. K-5 Coordinators pay will be interpreted to mean the total salary they would have been paid if in active service during the period of leave.
5. The year during which sabbatical leave is taken shall be treated as a year of Lexington experience for salary purposes.
6. Requests for sabbatical leave for the ensuing year shall be presented to the Superintendent in writing by February first, and shall be accompanied by a proposed sabbatical leave plan. This shall be a detailed plan, including a statement of aims and objectives relating to the improvement of the applicant's capabilities as a professional staff member in the Lexington Public Schools, and the procedures and activities whereby these aims and objectives are to be achieved.
7. Sabbatical leaves may be approved by the School Committee on recommendation of the Superintendent. After approval, and prior to the close of the school year preceding the year of sabbatical leave, a person to whom leave has been granted shall file with the Superintendent and the School Committee a final sabbatical leave plan. Such plan shall be consistent with the proposed plan on which approval of leave was based, and shall be accompanied by appropriate evidence (such as letters granting admission to study at educational institutions) that the activities described therein are feasible.
8. Upon the filing of the final sabbatical leave plan, the professional staff member taking leave shall enter into a written agreement with the School Committee whereby such person agrees that
  - His/her activities during the period of sabbatical leave will be substantially as described in the final plan, subject to modification only with the recommendation of the Superintendent and the approval of the School Committee;
  - He/she will not engage in any gainful employment during the period of sabbatical leave, except as may be expressly stipulated in the final plan;
  - He/she will file brief monthly progress reports with the Superintendent during the period of sabbatical leave;
  - Upon expiration of sabbatical leave he/she will immediately return to service in the Lexington Public Schools for a period of two (2) years in the case of a full year's leave, and a period of one (1) year in the case of a one-half (1/2) year's leave. Upon resumption of active service the professional staff member will, if possible, be assigned to the position he/she held just prior to taking leave or a comparable position; and such contract shall incorporate by reference the provisions of Paragraph I of this Article.
9. Upon a finding by the School Committee that a professional staff member, while on sabbatical leave, willfully and without justifiable excuse, has failed to carry out activities as specified in the final sabbatical leave plan or to file a required monthly report, or has filed a false or misleading monthly report or reports, or has engaged in unapproved gainful employment, the School Committee may:
  - If any portion of the leave period remains unexpired at the time of such finding, order the professional staff member's immediate return to service;
  - Order the return of such portion of salary paid for time on leave (or the withholding of such portion of salary due and unpaid for time on leave) as the Committee finds bears a just and reasonable relation to the gravity of the infraction. In the case of a willful, serious and sustained departure from the final sabbatical leave plan, or of repeated failure after warning to file monthly reports, or of sustained engagement in unapproved gainful employment, or of deceitful and material falsehood in any monthly report, the School Committee may order such

leave converted into an equivalent period of leave without pay and require the return of all salary monies theretofore paid to the professional staff member for time on leave.

10. Nothing shall preclude the School Committee from determining to increase the number of sabbaticals awarded should they deem it to be in the interest of the school system.
11. The School Committee continues to support opportunities for staff to grow and develop. While a sabbatical leave may offer one approach to professional development, there may be other applications of these funds which allow greater variety of activities and greater participation of staff in any given year. A working committee shall be established consisting of three (3) members selected by the LEA and three (3) members selected by the Superintendent to serve at his discretion. The Committee will make recommendations to the Superintendent by November 1 each year thereafter in which this contract remains in force as to the alternative applications of eligible funds under this Article. The Superintendent will recommend the use of any, or all, funds under this Article to the School Committee. The School Committee may approve such use(s) upon recommendation of the Superintendent.

**N. Jury Duty**

A professional staff member called for jury service shall be paid the difference between her/his regular salary and her/his jury pay during the period of such service. Upon receipt of a summons for jury service, the professional staff member shall immediately notify her/his immediate supervisor.

**ARTICLE 19: INDEPENDENT MEDICAL EXAMINATIONS**

The Superintendent of Schools has a responsibility to students and staff to ensure that employees who are present at work are fit to perform the duties and responsibilities associated with their work assignment(s). The Superintendent of Schools, acting in his/her capacity as employer, has the discretion to request and/or require a medical opinion from a medical practitioner of his/her choosing or additional medical assessment by the employee's doctor if there is a reasonable basis for questioning whether the employee is disabled from work, and/or determine whether the employee is fit to perform his/her duties, and/or determine whether the employee is fit to return to work after more than fifteen consecutive days of absence from work.

The Superintendent can order employees to participate in a medical evaluation or an assessment of their physical, emotional or mental health if there is a documented basis for the reason(s) for the order, and this order is delineated in writing to the teacher and a copy is sent to the President of the Association.

The basis for such an order may be based on a pattern of one or more of the following indicators:

- Complaints of inappropriate verbal conduct or any conduct indicating an inability to exercise self-control and self-discipline;
- An abrupt change in customary behavior resulting in an inability to perform essential functions of the position;
- Irrational verbal conduct or behaviors, including delusions and/or hallucinations;
- Suicidal statements or behaviors, or personal expressions of mental instability;
- Unexplained and excessive tiredness or hyperactivity;
- Diagnosis of a life-threatening eating disorder;
- Inappropriate use of alcohol, medications or other drugs, including symptoms of illegal drug use;
- Memory loss;
- Impatience or impulsiveness, especially with a loss of temper;
- Unexplained and/or excessive lateness or absenteeism, and;

- Physical injury or illness that creates a reasonable concern that an employee is unable to safely perform the essential functions of his or her position.

When making this determination, the Superintendent also has the discretion to consider:

- The extent to which a period of rehabilitation has been satisfactorily completed;
- The validity of the report of the employee's personal medical practitioner, and;
- The extent to which the employee's medical practitioner has taken into consideration the demands of the workplace.

If the results of the examination show that the employee qualifies for a reasonable accommodation, the employee will be afforded all of his/her rights in accordance with the Americans with Disabilities Act and General Laws 151B.

In the event of a dispute regarding the interpretation and/or application of this Agreement, the grievant and the LEA may submit its claim(s) to arbitration but there will be no entitlement to arbitration if the matter is also pursued in other fora.

3. Approval of minutes from prior meetings of this body approved as the first order of business at the next meeting;
4. All decisions or opinions attributed to that body will result from a seconded motion that is voted on by the body. All absentees will be given the opportunity to register their vote on the matter(s) within a reasonable time frame, but prior to the next meeting of that body of teachers.

The LEA shall reimburse the School Committee for the cost of the leave at the Master's - Step 5 rate of the year of the leave. **ARTICLE 23: SALARY DETERMINATION AND PROVISIONS**

- A. Effective the 2018-2019 school year, increase the cost of the existing Unit A Salary Schedule by 2%.

Should the school committee implement an elementary world language program, the cost of the existing salary table will be increased by one-percent (1%) on the first day of the school year when the elementary world language program is implemented notwithstanding the parties reaching an agreement settlement on a successor contract.

- B. In those negotiations, the negotiated standards by which compensation packages are evaluated will apply: the total compensation figure at the minimum and maximum of the Bachelors, Masters, and Masters +30 columns will be at or greater than the median when compared to ten similar communities located east of Route 495.

Total compensation is defined as the sum of the following: (1) the salary figure at the points described above, (2) the longevity figure, if any, at 30 years in the system, and (3) the added value, if any, of the health care benefit over the statutory minimum of 50%.

The ten communities were determined by a comparative analysis of the following legitimate criteria: (1) the percentage of students going on to four year colleges, (2) standardized test scores, (3) class size, (4) average per pupil expenditure, and (5) the salary maximums and minimums on the Bachelors, Masters, and Masters +30 salary columns.

- C. Placement for new hires will be credited at full experience for pre-professional status staff.
- D. Credit for movement from one column to another must have prior written approval of the system. Salary increments and/or increases will be granted only upon the specific recommendations of the building Principals and the approval of the Superintendent.
  - 1. Professional staff members must provide the Human Resources Office with appropriate evidence of successful completion of the 15 credits needed to move to the next salary column no later than January 20 for a winter lane change or August 19 for a fall lane change. Once the evidence of completion has been received by Human Resources, fall changes will be made effective the first paycheck of the academic year; winter changes will be made effective the twelfth paycheck for employees paid in a 22 pay cycle, 14<sup>th</sup> paycheck for employees paid in the 26 pay cycle. If these two days fall on a weekend or holiday, the due date is on the next regular business day.

2. In-service credits are awarded by the Lexington Public Schools for completion of approved professional development activities. In-service credits count toward movement from one salary column to the next. No more than six (6) of the fifteen (15) credits required for such movement can be in-service credits. Inservice credits in excess of the six (6) allowed between salary columns can be applied to future column movements. E.g., a professional staff member on the M+15 column, who earns nine (9) in-service credits, can apply six (6) of those credits for movement to the M+30 column and three (3) for future movement to the M+45 column. The instructor of a Lexington in-service course earns the same in-service credit as the participants, but only for the first time the course is offered by that instructor. All professional development activities offered for a particular number of in-service credits will be clearly designated as such when listed in any publication for the professional staff. Notification of acceptance into an in-service activity is the equivalent of the "prior approval" requirement of this Article. Upon successful completion of an in-service offering, the in-service credits will be automatically applied to a professional staff member's record. It is, however, the professional staff member's responsibility to confirm that the credits have been applied.
- E. Staff members leaving or entering the employ of the Lexington Public Schools at any time during the school year shall be paid at the rate of 1/184th of their annual salary for each work day for which they are entitled to pay. A staff member under contract to the Lexington Public Schools who finds that he/she may not work the full year, shall immediately notify the Superintendent in writing, giving such details as the Superintendent may require.
  - F. The K-5 Science and Social Studies Coordinators school year will be 196 days. K-5 Science and Social Studies Coordinators will receive a salary equal to their base salary on the teacher's salary schedule plus an additional 12% of that base salary. The formula for the calculation of the K-5 Science and Social Studies Coordinators' per diem amount is 1/196 of the base salary. K-5 Science and Social Studies Coordinators' who work the 184-day school year, plus twelve (12) additional days for a total of 196 days, will not work any part of the additional twelve (12) days until on or after July 1<sup>st</sup> of each year. K-5 Science and Social Studies Coordinators will not receive compensation for any work performed beyond a Coordinators' 196-day work year unless the Coordinator receives prior written authorization from the Coordinator's immediate supervisor.
  - G. The School Committee recognizes the importance of the valuable contribution that nurses make to the school system. Should the fiscal conditions permit, the School Committee intends to provide nurse staffing consistent with state recommendations. Nurses employed by the Lexington public Schools shall be certified or eligible for certification according to the standards set by the Massachusetts Department of Education.
  - H. Staff covered under this agreement will be paid in twenty-two (22) equal payments. However, those hired before FY 13 shall have an option of choosing twenty-two (22) or twenty-six (26) equal payments. The first check will be paid by mid-September, the second check issued no later than October 1. Thereafter, wages will be paid every two weeks. It is understood that, if necessary, the final two (2) weeks payment for the last period in June may be held temporarily to make adjustments for any late term absence. When a holiday falls on a payday, payment shall be made on the day preceding. When a pay day occurs on a holiday payment shall be made on the closest workday before or after. All professional staff members covered under this agreement shall participate in direct deposit of paychecks. Professional staff members employed in programs funded by the Town of Lexington such as workshops, etc., shall be paid every two (2) weeks for time worked during the actual work/pay period. Time worked is determined by an approved work schedule or time-sheet submitted depending on the requirements of the position.
  - I. Any professional staff member whose assignment requires travel to more than one building shall be reimbursed for such travel at IRS rate. This reimbursement will be equal to the IRS figure as determined for each calendar year. Travel outside of Lexington will be reimbursed at the Lexington Town Employee rate.
  - J. Members of the bargaining unit shall receive longevity payment as follows (a professional staff member hired prior to February 1 shall be given credit for the full year.):
    - Beginning at year 10: \$700
    - Beginning at year 15: \$800
    - Beginning at year 20: \$900
    - Beginning at year 25: \$1000
    - Beginning at year 30: \$2500
1. Professional staff members with fifteen completed years of service in Lexington may elect longevity payment of \$3,300 per year for three, consecutive years that follow acceptance under

- this provision. Longevity payments specified above and any sick leave buy back specified in Article 18 Section F will cease upon acceptance under this portion of Article 24. Bargaining unit members will be entitled to the entire sum of \$9,900 regardless of date of termination. Payment will continue until the remaining credit is exhausted if an entitled unit member is terminated.
2. Application is required and immediate placement is not insured, since the system retains the right to set budget limits; however, the system will accept no fewer than 25 applicants. Members electing but not immediately placed under the provisions of paragraph 1 above will be carried forward to the next school year and placed at the top of the list.
  3. In the event that an abnormally high number of members elect this option in a specific year, the following sequence of events will take place:
    - a. A request will go to all members who have elected this option seeking members willing to delay the start of this option to the next school year. Members will have five (5) school days to respond to this request.
    - b. If a budgetary problem still exists after voluntary delays are sought, members electing this option will start in order of seniority, with the most senior being placed first and the remainder starting in the next school year.
    - c. No bargaining unit member will be denied immediate placement on the optional longevity schedule specified in paragraph 1 above for any reason other than specified in paragraph 3, sections a and b.
  4. The LEA and LSC will annually review this Article prior to March 1st to increase, decrease, or leave unchanged the longevity payment of \$3,300. Consensus is required for a change to become effective.
- K. Annually, the LEA President, the Chair of the LSC, and the Superintendent will sign a Memorandum of Agreement which lists the names and dollar amounts of any Extra-Duty Stipends which were paid to professional staff members during the school year but which were not previously listed on the Extra-Duty Stipend page of the contract
- L. Extra-Duty Stipends: The creation of new, stipended activities is subject to the availability of funds. Annually by March 1, the School Committee will determine in consultation with the LEA whether any funds will be available for this purpose. If funds will be made available, the following process will apply:
1. Proposals for new extra-duty positions will be submitted simultaneously to the appropriate Principal, and to the Extra-Duty Stipend Committee which is comprised of the Director of Human Resources, the LEA President, another administrator, and another LEA member. The proposal must be a detailed plan of the activity, which includes a rationale (how the activity will benefit Lexington students and how it complements curricula) and a completed Stipend Data Sheet (as found in the LEA/LSC Contract, Appendix C.
  2. Upon the approval of the principal, the EDS Committee will review proposals and make recommendations to the Superintendent, who will make the final decisions and report to the School Committee by May 30. No more than four (4) new activities will be approved for the following school year. In its deliberations for the 3 school years following this agreement, the EDS Committee must give additional weight to proposals from the elementary schools in order to address the elementary/secondary extra-duty stipend imbalance.
  3. In its first year, a newly created and approved extra-duty activity will be assigned a \$442 stipend. The activity leader must comply with all aspects of the Extra-Duty Stipend Accountability System as found in the LEA/LSC Contract, Appendix C.
  4. In order to continue for a second year, the activity must go through the same approval process as outlined for year 1. The stipend for the second year may be increased up to \$830 upon the recommendation of the committee and approval of the superintendent.
  5. Prior to June 1 of the second year, the appropriate Principal and the Superintendent will decide to either terminate or continue the activity. If the decision is to continue, the LEA and the School Committee must agree upon the final stipend amount for the activity, which will then be added to the Extra-Duty Stipend list in the LEA/LSC Contract.
  6. The EDS Committee will also serve as an advisory committee to the superintendent with regard to the cessation of a stipended activity. The Committee will develop criteria for making such recommendations.
- L. Extra-Duty Stipend Accountability System

An Annual Report must be submitted by the recipient of any stipend listed on the Extra Duty Stipend page of the LEA/LSC Contract. This Annual Report must:

1. Be submitted to the principal within 2 weeks after the conclusion of the stipended activity. The principal will forward the Annual Report to the Director of Human Resources within 2 weeks of receipt. An annual summary of these Annual Reports will be presented to the Superintendent by the Director of Human Resources by August 1.
2. Include the Stipend Data Sheet (see Appendix B).
3. Include a one-page self-assessment, which references the data obtained from the required, written student feedback forms.

Failure to seek student feedback or to complete the Annual Report makes the stipend recipient ineligible for that activity in the following year.

- M. Professional staff members will be compensated at the rate of \$51 per hour, up to \$255 (for a five-hour day) for their preparation and presentation of staff development workshops, including summer workshops and other required work projects beyond the normal contract work hours. Effective July 1, 2019, professional staff members will be compensated at the rate of \$52 per hour, up to \$260 per day (for a five-hour day) for the required work projects beyond the normal contract work hours.

**ARTICLE 24: TUITION REIMBURSEMENT**

The School Committee agrees to fund an annual tuition reimbursement account in the amount of \$85,000 per year. All courses taken for tuition reimbursement must be pre-approved by the Director of Human Resources. Tuition reimbursement is contingent upon an educator clearly articulating in writing how the successful completion of the requested course will lead to improved student learning outcomes with his/her students as outlined in the DESE Model Rubrics – Standard I (Curriculum, Planning and Assessment) and/or Standard II (Teaching all Students), and in addition, may include how the course will improve the educator’s professional practice. Upon the successful completion of a district-approved course, the educator will receive a tuition reimbursement in the amount of up to \$1,000. Application and reimbursement approval procedures will ensure that funds are distributed equitably and are available throughout the fiscal year. Successful completion of a course shall mean the satisfactory completion of a course with a grade of “B” or better from an accredited educational institution, or a passing grade, if an alpha/numeric grade is not available.

**ARTICLE 25: BENEFITS  
INSURANCE, ANNUITIES, EMPLOYEE ASSISTANCE PLAN**

- A. The School committee will pay the maximum percentage permitted by the Town Meeting Enactment of the cost of the following types of insurance coverage:
1. Fifty percent (50%) of the premium for a \$5,000 term life insurance plan of the type presently available to the professional staff.

- A) Educators on two-year Self-Directed Growth Educator Plans receive a Formative Evaluation report near the end of the first year of the two-year cycle. The Educator's performance rating for that year shall be assumed to be the same as the previous summative rating unless evidence demonstrates a significant change in performance in which case the rating on the performance standards may change, and the Evaluator may place the Educator on a different Educator plan, appropriate to the new rating.
  - B) The Formative Evaluation report provides written feedback and ratings to the Educator about his/her progress towards attaining the goals set forth in the Educator Plan, performance on each performance standard and overall, or both.
  - C) In order to evaluate Educator progress, the Educator shall provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The educator may also provide to the evaluator additional evidence of the educator's performance against the four Performance Standards. The Evaluator shall provide the Educator with at least two weeks' notice of the need to provide this evidence. **Six (6) pieces of evidence in each of the two years shall be submitted. A self-assessment at the start of year one is considered a piece of evidence.**
  - D) The Evaluator shall complete the Formative Evaluation report and provide a copy to the Educator. All Formative Evaluation reports must be signed by the Evaluator and delivered face-to-face, or sent electronically, by email or to the Educator's school mailbox or home.
  - E) Upon the request of either the Evaluator or the Educator, the Evaluator and the Educator may meet before the Formative Evaluation Report.
  - F) The Educator may reply in writing to the Formative Evaluation report within five school days of receiving the report.
  - G) The Educator shall sign the Formative Evaluation report by within 5 school days of receiving the report. The signature indicates that the Educator received the Formative Evaluation report in a timely fashion. The signature does not indicate agreement or disagreement with its contents.

- H) As a result of the Formative Evaluation report, the Evaluator may change the activities in the Educator Plan.
- I) If the rating in the Formative Evaluation report differs from the last summative rating the Educator received, the Evaluator may place the Educator on a different Educator Plan, appropriate to the new rating.

15) **Evaluation Cycle: Summative Evaluation**

- A) The evaluation cycle concludes with a summative evaluation report. For Educators on a one-year Educator Plan, the summative report must be written and provided to the educator by May 15th. For educator on a two-year plan, the summative report must be written and provided to the educator by June 1.
- B) The Evaluator determines a rating on each standard and an overall rating based on the Evaluator's professional judgment, an examination of evidence against the Performance Standards and evidence of the attainment of the Educator Plan goals.
- C) The professional judgment of the primary Evaluator shall determine the overall summative rating that the Educator receives.
- D) For an Educator whose overall performance rating is exemplary or proficient on Standards 1 and 2, the educator is deemed to have met moderate or high student impact rating.
  - i. Common measures and how the student impact will be rated will be determined by Professional Learning Committees (PLCs), subject to the approval of the supervisor.
  - ii. District determined measures (DDMs) will never be used as the sole criterion to determine an educator's overall performance rating.
- E) The summative evaluation rating must be based on evidence from multiple categories of evidence. MCAS or PARCC Growth scores shall not be the sole basis for a summative evaluation rating.
- F) To be rated proficient overall, the Educator shall, at a minimum, have been rated proficient on the Curriculum, Planning and Assessment and the Teaching All Students Standards of Effective Teaching Practice.
- G) The Educator will provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The educator may also provide to the evaluator additional evidence of the educator's performance against the four Performance Standards, according to the timelines outlined in Appendix A.
- H) The Summative Evaluation report should recognize areas of strength, as well as identify recommendations for professional growth.
- I) The Evaluator shall deliver a signed copy of the Summative Evaluation report to educators on a one year plan no later than May 15<sup>th</sup>. For those educators on a two-year plan, the evaluator shall deliver a signed copy of the summative evaluation report to the educator no later than June 1. This report can be delivered face-to-face, sent electronically, emailed to the Educator's school mailbox or home.
- J) The Evaluator shall meet with the Educator rated needs improvement or unsatisfactory to discuss the summative evaluation. The meeting shall occur by June 1st.
- K) The Evaluator may meet with the Educator rated proficient or exemplary to discuss the summative evaluation, if either the Educator or the Evaluator requests such a meeting. This meeting will occur by June 10.
- L) Upon mutual agreement, the Educator and the Evaluator may develop the Self-Directed Growth Plan for the following two years during the meeting on the Summative Evaluation report.
- M) The Educator shall sign the final Summative Evaluation report by June 10th. The signature indicates that the Educator received the Summative Evaluation report in a timely fashion. The signature does not indicate agreement or disagreement with its contents.
- N) The Educator shall have the right to respond in writing to the summative evaluation, which shall become part of the final Summative Evaluation report.
- O) A copy of the signed final Summative Evaluation report shall be filed in the Educator's personnel file.

16) **Evaluation Cycle for Formative or Summative Evaluation of PTS staff at risk of receiving a Needs Improvement or Unsatisfactory rating.**

- A) Reasonable effort will be made to inform educators with PTS who are at risk of receiving an overall rating of Needs Improvement or Unsatisfactory, in writing, by the time of the

formative assessment or by February 15 of year two of the evaluation cycle. A copy of this letter shall be sent to the respective Central Office Administrator, the Office of Human Resources, and the Association President.

- B) Both parties agree to create a joint labor-management committee, made up of an equal number of union and administration members, to research best practices on how to assist struggling educators and make recommendations to the Superintendent and the Association. Once the recommendations are made, the parties agree to re-open this section of the collective bargaining Agreement to negotiate the language going forward.

17) **Educator Plans – General**

- A) An Improvement Plan is for those Educators with PTS whose overall rating is Unsatisfactory.

- I) Decision on the Educator's status at the conclusion of the Improvement Plan.
  - i) All determinations below must be made no later than the first Friday in June. One of three decisions must be made at the conclusion of the Improvement Plan:
    - (a) If the Evaluator determines that the Educator has improved his or her practice to the level of proficiency, the Educator will be placed on a Self-Directed Growth Plan.
    - (b) In those cases where the Educator was placed on an Improvement Plan as a result of his or her Summative rating at the end of his or her Directed or Self-Directed Growth Plan, if the Evaluator determines that the Educator is making substantial progress toward proficiency, the Evaluator shall place the Educator on a Directed Growth Plan.
    - (c) In those cases where the Educator was placed on an Improvement Plan as a result of his or her Summative rating at the end of his or her Directed Growth Plan, if the Evaluator determines that the Educator is not making substantial progress toward proficiency, the Evaluator shall recommend to the Superintendent that the Educator be dismissed.

A principal considering making an employment decision that would lead to PTS for any Educator who has not been rated proficient or exemplary on each performance standard and overall on the most recent evaluation shall confer with the Superintendent by May 1. The principal's decision is subject to review and approval by the superintendent.
- B) In order to qualify to apply for a promotional position, the Educator must have had a Summative Evaluation performance rating of proficient or exemplary for at least the previous two years.

**22. Using Student feedback in Educator Evaluation**

DESE will provide model contract language, direction and guidance on using student feedback in Educator Evaluation. Upon receiving this model contract language, direction and guidance, the parties agree to bargain with respect to this matter.

**23. Using Staff feedback in Educator Evaluation**

ESE will provide model contract language, direction and guidance on using staff feedback in Administrator Evaluation. Upon receiving this model contract language, direction and guidance, the parties agree to bargain with respect to this matter.

**24. General Provisions**

- A) Only Educators who are licensed may serve as primary Evaluators of Educators.
  - B) Evaluators shall not make negative comments about the Educator's performance, or comments of a negative evaluative nature, in the presence of students, parents or other staff, except in the unusual circumstance where the Evaluator concludes that s/he must immediately and directly intervene. Nothing in this paragraph is intended to limit an administrator's ability to investigate a complaint, or secure assistance to support an Educator.
  - C) The superintendent shall ensure that Evaluators have training in supervision and evaluation, including the regulations and standards and indicators of effective teaching practice promulgated by ESE (35.03), and the evaluation Standards and Procedures established in this Agreement.
  - D) Should there be a serious disagreement between the Educator and the Evaluator regarding an overall summative performance rating of unsatisfactory, the Educator may meet with the Evaluator's supervisor to discuss the disagreement. Should the Educator request such a meeting, the Evaluator's supervisor must meet with the Educator. The Evaluator may attend any such meeting at the discretion of the Superintendent. The Educator may request an Association representative to attend the meeting.
  - E) Violations of this article are subject to the grievance and arbitration procedures. The arbitrator shall determine whether there was substantial compliance with the totality of the evaluation process. When the evaluation process results in the termination or non-renewal of an Educator, then no financial remedy or reinstatement shall be issued if there was substantial compliance.
  - F) Educators will be provided with at least three hours of time within the contractual work day each school year to work on evaluation related responsibilities.
  - G) The LEA and the Lexington School Committee agree to only utilize the ratings of "Proficient", "Needs Improvement" and "Unsatisfactory".
-

- B. The provisions of this Agreement will be in effect from September 1, 2018 through August 31, 2019, and shall be automatically renewed from year to year unless by August 31, 2019 or by October 1 in any succeeding year, either party notifies the other in writing of its desire to either modify or terminate this Agreement.

IN WITNESS WHEREOF, the parties of this Agreement have caused these presents to be executed by their respective agents thereunto duty authorized as of the day and year first written above.

- Specialized Instructional Support Personnel (SISP) Rubric At-A-Glance p.49
- School-Level Administrator Rubric At-A-Glance p.50

## **PREFACE**

The Department of Elementary and Secondary Education (DESE) has chosen to develop four core rubrics: Superintendent, School-Level Administrator, Teacher, and Special Instructional Support Personnel (SISP).

The Lexington Education Association (LEA) and the Lexington School Committee (LSC) recognize that the DESE also acknowledges the existence of additional elements that have been adapted to more specifically describe the SISP role(s).

While evaluators and evaluatees are encouraged to incorporate these role specific adaptations as part of the ongoing supervision and evaluation process, the parties agree that all SISPs will be assessed on the original DESE rubric.

Additionally, the School-Level Administrator Rubric At-A-Glance will be used for those coordinators with non-supervisory/evaluative responsibilities.
